

ANNUAL INDEX

CARDIOVASCULAR SYSTEM

CAD: Cutting back on cholesterol isn't enough. Mar:67
 Cardiac assessment: What to do; how to do it. May:42
 Dyspnea: Finding the cause; treating the symptoms. June:40
 How we draw arterial blood without bleeding the patient. Mar:34
 How we give blood transfusions at home. Aug:79
 More arterial blood sampling tricks. Mar:37
 Open heart surgery: Caring for bypass and transplant patients. Apr:40
 The latest guidelines for emergency cardiac care. Nov:55
 Troubleshooting pulmonary artery catheters. Feb:46
 Valvular heart disease: Its causes, symptoms, and consequences. Nov:30
 Valvular heart disease: Surgery and postop care. Dec:38
 What new parents need to know about CPR. Oct:41
 What you need to know about today's pacemakers. Mar:44
 Why deep vein thrombosis is so dangerous. Jan:20

CARE PLANS

If your patient develops peritonitis. Mar:31
 The gastric surgery patient. Jan:31

CAREER DEVELOPMENT

A look ahead: What the future holds for nursing. Oct:101
 Certification: Is the payoff worth the price? July:36
 How nursing looks the second time around. July:48
 Nursing income: Experience begins to pay off. Oct:34
 Nursing pay: Part-timers are closing the gap. Nov:23
 So you think you want to be a head nurse. Jan:15
 Your rights when you take maternity leave. Dec:55

CHARTING

A form that makes wound assessment easier. June:37
 How to assess the patient on long-term care. Oct:65
 Put something extra in your home care charting. Sept:73

CRITICAL CARE

Cardiac assessment: What to do; how to do it. May:42
 Dyspnea: Finding the cause; treating the symptoms. June:40
 Jay's alive. Do we owe him an apology? May:38
 The latest guidelines for emergency cardiac care. Nov:55
 Open heart surgery: Caring for bypass and transplant patients. Apr:40
 Troubleshooting pulmonary artery catheters. Feb:46
 Valvular heart disease: Its causes, symptoms, and consequences. Nov:30
 Valvular heart disease: Surgery and postop care. Dec:38

This index reflects material in the 1987 issues of **RN**. Articles are listed alphabetically. Each entry gives the title, issue, and page number on which the article begins. Articles from "Legally Speaking," "Nutritionist on Call," "Patient's Advocate," "RN at Home," "Sound Off," and "Taking Charge" are entered by subject.

What new parents need to know about CPR. Oct:41
 What to look for when the patient suffers an electrical injury. Sept:39
 What you need to know about today's pacemakers. Mar:44
 When the patient suffers from esophageal bleeding. Feb:24
 Why deep vein thrombosis is so dangerous. Jan:20

DEATH AND BEREAVEMENT

Calling a code: Your role in helping the family decide. June:24
 Code or no code? Helping a family decide. Dec:17
 Helping the parents after a baby's death. Aug:31
 How you can ease a family's grief. Feb:15
 I learned about life from Harry's death. Apr:58
 It's time we helped patients die. Nov:44
 What a dying patient needs from you. June:65
 When a child needs his parents most. July:17
 When your patient's baby dies before birth. Aug:28
 Why doom patients to a fate worse than death? Sept:19
 Why hospice nurses are a breed apart. Apr:116

DERMATOLOGY

Paralysis: Keeping bedsores at bay. Dec:30
 The skin cancer success story. July:50
 We made our skin care problems disappear. May:18
 What to do if your patient has lice. Sept:30
 When a dressing won't do the job. June:35

DISEASE

Can a nurse be fired for having AIDS? Feb:53
 Helping an MS patient live a better life. Dec:22
 Helping the patient who has lupus. Oct:69
 What every diabetic patient needs to know. May:73
 What you and your patients need to know about safer sex. Sept:53
 When the patient is also a diabetic. July:33
 When your pregnant patient has diabetes. Nov:18

DRUGS

An update on new drug breakthroughs. Apr:63
 Do psych patients really need those drugs? Feb:90
 Getting IV patients ready to go home. Oct:136
 How to help patients get through chemotherapy. Mar:58
 Morphine: The benefits are worth the risks. Mar:20
 My little yellow wonder pill. June:32
 The case that changed our approach to pain control. Sept:44
 The right way to prevent medication errors. June:30

When a surgical wound becomes infected. Sept:24
 When food and drugs collide. Apr:85
 Why the elderly are so vulnerable to drug reactions. Nov:39

EDUCATION

Certification: Is the payoff worth the price? July:36
 Facing down the fear of ventilator patients. Aug:14
 Who says an inservice has to be humdrum? Mar:15

EMERGENCY CARE

A gunman's bullet taught me how to be a better nurse. Nov:28
 Are you ready for this bedside emergency? Dec:32
 The latest guidelines for emergency cardiac care. Nov:55
 What new parents need to know about CPR. Oct:41
 What to look for when the patient suffers an electrical injury. Sept:39
 What we do for patients *can* make a difference! Aug:17
 When emergency care is up to you. Apr:26

ENDOCRINOLOGY

Correcting electrolyte imbalances. Feb:30
 When the patient has hyperkalemia. Apr:34
 When the patient has hypokalemia. Mar:38
 When the problem involves magnesium, calcium, or phosphate. May:30

EQUIPMENT

A nurse's guide to mechanical ventilation. Aug:18
 Facing down the fear of ventilator patients. Aug:14
 Making the most of your time for patient teaching. Dec:20
 Safe and easy ways to secure breathing tubes. Aug:26
 Troubleshooting pulmonary artery catheters. Feb:46
 What you need to know about today's pacemakers. Mar:44
 When the patient suffers from esophageal bleeding. Feb:24

ETHICS

Calling a code: Your role in helping the family decide. June:24
 How we help nurses handle questions of ethics. Sept:14
 It's time we helped patients die. Nov:44
 Jay's alive. Do we owe him an apology? May:38
 Why doom patients to a fate worse than death? Sept:19

GASTROINTESTINAL

A dietary remedy for irritable bowel syndrome. July:65
 Gastric surgery: Your crucial pre- and postop role. Jan:24
 Managing complications after abdominal surgery. Mar:27
 The gastric surgery patient. Jan:31
 What to tell your patient about dietary fiber. Jan:63

ANNUAL INDEX

When the patient suffers from esophageal bleeding. Feb:24

GENITOURINARY

Testicular cancer: The worst disease at the worst time. Feb:36
The pros and cons of circumcision. July:30

GERIATRICS

Do psych patients really need those drugs? Feb:90
Helping your patients enjoy sex again. May:69
How to assess the patient on long-term care. Oct:65
We made our skin care problems disappear. May:18
Why the elderly are so vulnerable to drug reactions. Nov:39

HOME CARE

Finding a way, when your patient has the will. Nov:17
Getting IV patients ready to go home. Oct:136
Helping your patients enjoy sex again. May:69
Helping your patient get his strength back. Mar:70
How to prevent infection in a home care patient. Nov:61
How to tie up the discharge plan. Apr:81
How we give blood transfusions at home. Aug:79
Making your patient safe at home. Feb:59
Planning feasible food for your patient. Dec:59
Preventing pressure sores is a family affair. July:67
Put something extra in your home care charting. Sept:73
The challenge of caring for a patient at home. Jan:61
What a dying patient needs from you. June:65

HOSPITALS

A look ahead: What the future holds for nursing. Oct:101
How to survive an accreditation review. Apr:17
How we make every patient feel like a VIP. Nov:15

INFECTIONS

Can a nurse be fired for having AIDS? Feb:53
How to prevent infection in a home care patient. Nov:61
Infection control: How to prevent nosocomial infections. Sept:20
Paralysis: Keeping bedsores at bay. Dec:30
The when and how of isolation. Oct:50
What you and your patients need to know about safer sex. Sept:53
When a surgical wound becomes infected. Sept:24

IV THERAPY

Do you still believe these myths about tube feeding? May:51
Getting IV patients ready to go home. Oct:136
How to teach do-it-yourself IV therapy. Oct:135

LEGAL

A hostile doctor? Don't lose your cool. Apr:77
A nurse's limits as an expert witness. Nov:73
Callous nurses, a bewildered mother, a brain-damaged baby. June:48
Can a nurse be fired for having AIDS? Feb:53
Can you refuse to assist in abortions? May:65

How to get your hospital on the right track. Jan:55
How your employee handbook protects you. June:58
If you have to ask for an organ donation. Oct:112
If your patient wants to draw up a living will. Sept:63
The high cost of not paying attention. Mar:61
When an addicted nurse comes back to work. Oct:62
When you have to get tough with a doctor. July:61
Why don't they pay us what we're really worth? Feb:18
Will the law let you keep a patient's secrets? Aug:67
Your rights when you take maternity leave. Dec:55

MANAGEMENT

A care plan to nurse your unit back to health. Feb:13
An open letter to nurse managers. June:88
An open letter to staff nurses. July:90
Good ways to say: "You're the greatest." Dec:14
How to survive an accreditation review. Apr:17
How we help nurses handle questions of ethics. Sept:14
Report: How to say it all in a few words. June:15
So many patients, so little time. Apr:32
So you think you want to be a head nurse. Jan:15
We give every nurse the schedule she wants. Oct:23
We made our skin care problems disappear. May:18
Who says an inservice has to be humdrum? Mar:15

NEUROLOGY

Helping an MS patient live a better life. Dec:22
How we won our war with Mr. Goodman. Oct:31
No cause, no cure—but he's still in pain. Feb:43
Paralysis: Keeping bedsores at bay. Dec:30
What you need to know about neurological testing. Jan:47

NUTRITION

A dietary remedy for irritable bowel syndrome. July:65
CAD: Cutting back on cholesterol isn't enough. Mar:67
Can a low-fat diet prevent breast cancer? June:63
Correcting electrolyte imbalances. Feb:30
Does that patient need extra vitamins? Oct:123
Do you still believe these myths about tube feeding? May:51
Helping food addicts kick the habit. Aug:75
Helping your dysphagic patient eat. Sept:36
Planning feasible food for your patient. Dec:59
The special nutritional needs of a COPD patient. Nov:75
What diet can do for your arthritic patient. Sept:69
What every diabetic patient needs to know. May:73
What to tell you patient about dietary fiber. Jan:63
When food and drugs collide. Apr:85
When your patient won't eat. Feb:28
Which one of your patients is starving to death? July:45
Which weight-loss diet really works? Feb:55
Why Johnny can't sit still. Dec:62

OB/GYN

Callous nurses, a bewildered mother, a brain-damaged baby. June:48

Can a low-fat diet prevent breast cancer? June:63
Gynecologic cancer: Cervical, vulvar, and vaginal malignancies. May:56
Gynecologic cancer: Uterine and ovarian malignancies. June:52
Helping the parents after a baby's death. Aug:31
When your patient's baby dies before birth. Aug:28
When your pregnant patient has diabetes. Nov:18

ONCOLOGY

Can a low-fat diet prevent breast cancer? June:63
Gynecologic cancer: Cervical, vulvar, and vaginal malignancies. May:56
Gynecologic cancer: Uterine and ovarian malignancies. June:52
Heading off depression in the chronically ill. Oct:44
How to help patients get through chemotherapy. Mar:58
Let's put more caring into cancer care. Dec:89
Lung cancer: By the time it's detected, it may be too late. Mar:52
Multiple myeloma: Controlling pain, prolonging survival. Jan:38
Testicular cancer: The worst disease at the worst time. Feb:36
The cancer that can cost a patient his voice. Apr:44
The case that changed our approach to pain control. Sept:44
The skin cancer success story. July:50
What to teach the patient who's had a total laryngectomy. Apr:53
What tomorrow holds for cancer nursing. Aug:37

ORTHOPEDICS

Paralysis: Keeping bedsores at bay. Dec:30
What diet can do for your arthritic patient. Sept:69

PATIENTS

Does your patient seem too cheerful? Apr:23
How to say "I care" when you have no time to talk. May:21
How we won our war with Mr. Goodman. Oct:31
It's Medspeak to us, but Greek to them. Dec:28
The healing power of the human voice. Jan:19
The patients your colleagues hate to nurse. Dec:46
What a dying patient needs from you. June:65
When the lack of privacy gets to your patient. Mar:17
When you suspect your patient is a battered wife. May:22
Why do I always misdiagnosis the patient I know best? Jan:36
Why sickness can be a laughing matter. Feb:41

PATIENT TEACHING

How to say "I care" when you have no time to talk. May:21
How to teach do-it-yourself IV therapy. Oct:135
Making the most of your time for patient teaching. Dec:20
No cause, no cure—but he's still in pain. Feb:43
What new parents need to know about CPR. Oct:41
What to teach the patient who's had a total laryngectomy. Apr:53

PEDIATRICS

The pros and cons of circumcision. July:30
What new parents need to know about CPR. Oct:41

When a child needs his parents most. July:17
Why Johnny can't sit still. Dec:62

PROCEDURES

Cardiac assessment: What to do; how to do it. May:42
Do you still believe these myths about tube feeding? May:51
Infection control: How to prevent nosocomial infections. Sept:20
How to teach do-it-yourself IV therapy. Oct:135
How we draw arterial blood without bleeding the patient. Mar:34
Safe and easy ways to secure breathing tubes. Aug:26
The latest guidelines for emergency cardiac care. Nov:55
The right way to do chest physiotherapy. May:26
The right way to prevent medication errors. June:30
The when and how of isolation. Oct:50
Troubleshooting pulmonary artery catheters. Feb:46
What new parents need to know about CPR. Oct:41
What to do if your patient has lice. Sept:30
What to teach the patient who's had a total laryngectomy. Apr:53
When a dressing won't do the job. June:35
When emergency care is up to you. Apr:26
When the patient suffers from esophageal bleeding. Feb:24

PROFESSION

A gunman's bullet taught me how to be a better nurse. Nov:28
A look ahead: What the future holds for nursing. Oct:101
Certification: Is the payoff worth the price? July:36
How nursing looks the second time around. July:48
If only all doctors felt this way. Aug:44
It's Midspeak to us, but Greek to them. Dec:28
Miss America's an RN. Will it make a difference? Dec:35
Nursing income: Experience begins to pay off. Oct:34
Nursing pay: Part-timers are closing the gap. Nov:23
RN at 50: Half a century of service to nurses. Oct:77
What it would take to make me join the ANA. Sept:98
What we can learn from my brother's nursing career. Nov:110
When an addicted nurse comes back to work. Oct:62
When your job is just one of your worries. Aug:60
Why don't they pay us what we're really worth? Feb:18
Why hospice nurses are a breed apart. Apr:116
Why our head nurses have lost their touch. Oct:141
Why we ought to go back to dress codes. Mar:102
Working nights? It doesn't have to be a nightmare. Sept:33

PSYCHIATRY

Does your patient seem too cheerful? Apr:23
Do psych patients really need those drugs? Feb:90
Heading off depression in the chronically ill. Oct:44

The healing power of the human voice. Jan:19

RENAL

Nursing the kidney transplant patient. Aug:46
When the transplant patient is your husband. Aug:55

RESPIRATORY SYSTEM

A nurse's guide to mechanical ventilation. Aug:18
Dyspnea: Finding the cause; treating the symptoms. June:40
Facing down the fear of ventilator patients. Aug:14
Lung cancer: By the time it's detected, it may be too late. Mar:52
Safe and easy ways to secure breathing tubes. Aug:26
The right way to do chest physiotherapy. May:26
The risks of oxygen therapy. July:20
The special nutritional needs of a COPD patient. Nov:75

SEX

Helping your patients enjoy sex again. May:69
What you and your patients need to know about safer sex. Sept:53
When you suspect your patient is a battered wife. May:22

STAFFING AND SCHEDULING

An open letter to nurse managers. June:88
An open letter to staff nurses. July:90
We give every nurse the schedule she wants. Oct:23
Working nights? It doesn't have to be a nightmare. Sept:33

SURGERY

Gastric surgery: Your crucial pre- and postop role. Jan:24
Managing complications after abdominal surgery. Mar:27
Open heart surgery: Caring for bypass and transplant patients. Apr:40
The cancer that can cost a patient his voice. Apr:44
Valvular heart disease: Its causes, symptoms, and consequences. Nov:30
Valvular heart disease: Surgery and postop care. Dec:38
When a surgical wound becomes infected. Sept:24
When your patient faces jaw reconstruction. Jan:43

SURVEYS

Nursing income: Experience begins to pay off. Oct:34
Nursing pay: Part-timers are closing the gap. Nov:23
The patients your colleagues hate to nurse. Dec:46
When your job is just one of your worries. Aug:60

TUBES AND DRAINS

Do you still believe these myths about tube feeding? May:51

Getting IV patients ready to go home. Oct:136
How to teach do-it-yourself IV therapy. Oct:135
Troubleshooting pulmonary artery catheters. Feb:46

WOUNDS AND INJURIES

How to survive a mugging. July:28
What to look for when the patient suffers an electrical injury. Sept:39
When a dressing won't do the job. June:35
When a surgical wound becomes infected. Sept:24
When emergency care is up to you. Apr:26
